District Use Only

Reg. No. _____

Permit No. _____

RULE 5.1 REGISTRATION:

All water wells, existing and new, must be registered with the District and are required to comply with the District's registration requirements in these rules.

RULE 5.2 GENERAL REGISTRATION POLICIES AND PROCEDURES:

- (a) No person or entity shall drill, modify, complete, change type of use, plug, abandon, or substantially alter the size of a well within the District without first registering the well with the District, except as set forth under Rule 6.1, even though the well may be exempt from the requirement of a permit under District Rule 5.3.
- (b) The District staff will review the application for registration and make a preliminary determination on whether the well meets the exclusions or exemptions provided in Rule 5.3. Providing the preliminary determination is that the well is excluded or exempt, the registrant may begin drilling immediately upon receiving the approved registration.
- (c) If the preliminary determination is that the well is not exempt, the District staff will inform the registrant of any further applications and information required to permit the well under these rules.
- (d) If the preliminary determination is that the well is not exempt, no person may drill, equip, complete, or substantially alter the well without first obtaining the appropriate permit or amendment thereto from the District.
- (e) A violation of this rule occurs on the first day the drilling, equipping, completion, or alteration without the appropriate registration or permit begins and continues each day thereafter until the appropriate registration or permit is issued.
