

**NOTICE OF PUBLIC MEETING  
TO ADOPT DESIRED FUTURE CONDITIONS  
MIDDLE TRINITY GROUNDWATER CONSERVATION DISTRICT  
GROUNDWATER MANAGEMENT AREA 8**

June 1<sup>st</sup>, 2023 at 1:00 PM  
930 N. Wolfe Nursery Road, Stephenville, Texas 76041

In accordance with Texas Water Code § 36.108(d-4), the Board of Directors of the Middle Trinity Groundwater Conservation District (“MTGCD”) will hold a public meeting to adopt the Desired Future Conditions (“DFCs”) for the groundwater resources located within MTGCD in Groundwater Management Area (“GMA”) 8. MTGCD’s DFCs for the current 50-year regional planning period are as follows:

**TRINITY AQUIFER:**

The DFC for each geologic layer of the Trinity Aquifer is described in terms of total average drawdown.

- In the Antlers Layer, total net drawdown not to exceed an average of 12 feet in 2080 compared with 2010 aquifer levels.
- In the Paluxy Layer, total net drawdown not to exceed an average of 5 feet in 2080 compared with 2010 aquifer levels.
- In the Glen Rose Layer, total net drawdown not to exceed an average of 29 feet in 2080 compared with 2010 aquifer levels.
- In the Hensell Layer, total net drawdown not to exceed an average of 77 feet in 2080 compared with 2010 aquifer levels.
- In the Hosston Layer, total net drawdown not to exceed an average of 124 feet in 2080 compared with 2010 aquifer levels.
- In the Travis Peak Layer, total net drawdown not to exceed an average of 98 feet in 2080 compared with 2010 aquifer levels.
- In the Twin Mountain Layer, total net drawdown not to exceed an average of 8 feet in 2080 compared with 2010 aquifer levels.

The districts located wholly or partially within GMA 8, which include MTGCD, Central Texas Groundwater Conservation District, Clearwater Underground Water Conservation District, North Texas Groundwater Conservation District, Northern Trinity Groundwater Conservation District, Post Oak Savannah Groundwater Conservation District, Prairielands Groundwater Conservation District, Red River Groundwater Conservation District, Saratoga Underground Water Conservation District, Southern Trinity Groundwater Conservation District, and Upper Trinity Groundwater Conservation District, approved a resolution to adopt these DFCs on July 26, 2022. The DFCs explanatory report and other materials required by Texas Water Code § 36.108 were subsequently submitted to the Texas Water Development Board (“TWDB”), and TWDB declared GMA 8’s DFCs administratively complete on September 23, 2022.

Public comments may be submitted orally or in writing during the public meeting on June 1<sup>st</sup>, 2023, at 1:00 p.m. at 930 N. Wolfe Nursery Road, Stephenville, Texas.

A copy of the DFCs and supporting documents may be requested by email at [wells@middletrinitygcd.org](mailto:wells@middletrinitygcd.org), downloaded at [www.middletrinitygcd.org](http://www.middletrinitygcd.org), or obtained in person at the District office. All questions or requests for additional information may be submitted to MTGCD General Manager Patrick Wagner by telephone at (254) 965-6705 or by visiting the MTGCD office.
